Month-to-month registration is available to *recreational rowers* who already possess a valid Rowing Canada membership (\$7/year). The membership fee is \$30 per month due on the 1st of each month of registration. Regatta expenses are not covered with this type of membership.

1. Fundraising Deposit

A large part of the Club's continued success is dependent on the fundraising activities it undertakes each year. The money raised goes toward the purchase of new equipment, and hopefully, expansion of the club's facilities. In addition, the club must continue to raise money from its own resources as external funding is never guaranteed. The fundraising activities include working at bingo's, attending pub nights, gift wrapping at malls during the Christmas season, and hosting learn to row programs. These events will be advertised in the rowing club newsletter or announced at the rowing club. *New ideas are always welcome!* To ensure that all members contribute to this effort, it is club policy to obtain a fundraising deposit cheque from each registered member. For members who assist in a minimum of two events in a given registration period, that cheque will be returned to them at the end. In the event that a member does not participate in enough fundraising events and alternative solutions are not found, the deposit cheque will be cashed by the end of the last month of the registration period. The fundraising deposit for this registration period is \$50.

2. Regatta Fee

In order to offset the costs of travel and participation in spring regattas, an additional regatta fee will be collected from all competitive members (junior and open) at the time of spring and fall registrations. These fees will pay for boat transportation (trailer, insurance, gas, etc.) and entry fees. Payment of this fee guarantees rowers will be entered in a minimum of one race per regatta. At the end of each registration period any unused regatta fees in excess of \$10 will be refunded to the rower. The regatta fees are: \$110 for the spring registration period (Jan-May) and \$25 for the fall registration period (Sep-Dec). **Note: regatta fees are subject to change.**

3. Payment

Club dues can be paid in two instalments. The first instalment is due at time of registration and the rest is due two months following the date of registration. The amount of each instalment will be the total money owed divided by two. The fundraising deposit cheque must be submitted at time of registration, but can be post-dated to the end of the registration period.

4. Refund Policy

Membership refunds will only be considered within 14 days of the date of registration and must be accompanied by a medical certificate. Money raised through fundraising efforts by an individual (i.e. fundraising "credits") are non-refundable.

I have read and understood the Club policies outlined above. _____
